

The Willie Lynch Letter: The Making Of A Slave!

VS.

This speech was delivered by Willie Lynch on the bank of the James River **in the colony of Virginia in 1712**. Lynch was a British slave owner in the West Indies. He was invited to the colony of Virginia in 1712 to teach his methods to slave owners there. The term "lynching" is derived from his last name.

December 25, 1712

Gentlemen:

I greet you here on the bank of the James River in the year of our Lord one thousand seven hundred and twelve. First, I shall thank you, the gentlemen of the Colony of Virginia, for bringing me here. I am here to help you solve some of your problems with slaves. Your invitation reached me on my modest plantation in the West Indies, where I have experimented with some of the newest and still the oldest methods for control of slaves. Ancient Rome's would envy us if my program is implemented.

As our boat sailed south **on the James River**, named for our **illustrious King**, whose **version of the Bible** we cherish, I saw enough to know that your problem is not unique. **While Rome used cords of wood as crosses for standing human bodies along its highways in great numbers**, you are here using the tree and the rope on occasions. I caught the whiff of a dead slave hanging from a tree, a couple miles back. You are not only losing valuable stock by hangings, you are having uprisings, slaves are running away, your crops are sometimes left in the fields too long for maximum profit, you suffer occasional fires, your animals are killed.

The Major Role The Catholic Church Played in Slavery

The Catholic Church played a vital role in the trans-Atlantic slave trade, according to historians and several published theses on the topic.

The trans-Atlantic slave trade was introduced by the coming of the Europeans who came with the Bible in the same manner that Arab raiders and traders from the Middle East and North Africa introduced Islam through the Trans-Saharan slave trade, according to AfricaW.com, a premiere informational website available throughout the continent.

As our boat sailed south **on the James River**, named for our **illustrious King**, whose **version of the Bible** we cherish, I saw enough to know that your problem is not unique. **While Rome used cords of wood as crosses for standing human bodies along its highways in great numbers**, you are here using the tree and the rope on occasions. I caught the whiff of a dead slave hanging from a tree, a couple miles back. You are not only losing valuable stock by hangings, you are having uprisings, slaves are running away, your crops are sometimes left in the fields too long for maximum profit, you suffer occasional fires, your animals are killed.

Gentlemen, you know what your problems are; *I do not need to elaborate.* I am not here to enumerate your problems, I am here to introduce you to a method of solving them. In my bag here, I have a foolproof method for controlling your black slaves. I guarantee every one of you that if installed correctly it will control the slaves for at least 300 years [2012]. My method is simple. Any member of your family or your overseer can use it. I have outlined a number of differences among the slaves and make the differences bigger. I use fear, distrust and envy for control.

These methods have worked on my modest plantation in the West Indies and it will work throughout the South. Take this simple little list of differences and think about them. On top of my list is "age" but it's there only because it starts with an "A." The second is "COLOR" or shade, there is intelligence, size, sex, size of plantations and status on plantations, attitude of owners, whether the slaves live in the valley, on a hill, East, West, North, South, have fine hair, course hair, or is tall or short.

Now that you have a list of differences, I shall give you an outline of action, but before that, I shall assure you **that distrust** is stronger **than trust** and **envy** stronger than adulation, respect or admiration. **The Black slaves** after receiving this **indoctrination** shall carry on and **will become** self refueling and **self generating for hundreds of years, maybe thousands.** Don't forget you must pitch the **old black Male** vs. the **young black Male**, and the young black Male **against** the old black male. You **must use** the **dark skin slaves** vs. the **light skin slaves**, and the **light skin slaves** vs. the **dark skin slaves.**

You **must use** the female vs. the male. And the male vs. the female.

17 USC § 107 Limitations on Exclusive Rights – FAIR USE

You **must** also have **your white servants and overseers distrust all Blacks**. It is necessary that your slaves **trust and depend** on us. They **must love, respect and trust** only us. Gentlemen, **these kits** are your keys to control.

Lets Make a Slave

It was the **interest and business of slave holders to study human nature, and the slave nature in particular,** with a view to practical results. I and many of them attained astonishing proficiency in this direction. They had to deal not with earth, wood and stone, but with men and by every regard they had for their own safety and prosperity they needed to know the material on which they were to work.

Conscious of the **injustice** and **wrong** they were every hour perpetuating and knowing what they themselves would do. Were they the victims of such wrongs? They were constantly looking for the first signs of the dreaded retribution. **They watched, therefore with skilled and practiced eyes, and learned to read with great accuracy, the state of mind and heart of the slave, through his sable face.**

Unusual sobriety, apparent abstractions, sullenness and indifference indeed, any mood out of the common was afforded ground for suspicion and inquiry.

Let us make a slave. What do we need? First of all we need a black nigger man, a pregnant nigger woman and her baby nigger boy. Second, we will use the same basic principle that we use in breaking a horse, combined with some more sustaining factors. What we do with horses is that we break them from one form of life to another that is we reduce them from their natural state in nature. Whereas nature provides them with the natural capacity to take care of their offspring, we break that natural string of independence from them and thereby create a dependency status, so that we may be able to get from them useful production for our business and pleasure

Cardinal Principles for making a Negro

For fear that our future Generations may not understand the principles of breaking both of the beast together, the nigger and the horse. We understand that short range planning economics results in periodic economic chaos; so that to avoid turmoil in the economy, it requires us to have breath and depth in long range comprehensive planning, articulating both skill sharp perceptions. We lay down the following principles for long range comprehensive economic planning. Both horse and niggers is no good to the economy in the wild or natural state. Both must be broken and tied together for orderly production. For orderly future, special and particular attention must be paid to the female and the youngest offspring. Both must be crossbred to produce a variety and division of labor.

17 USC § 107 Limitations on Exclusive Rights – FAIR USE

Both **must be** taught to respond to a peculiar new language. **Psychological and physical** instruction of containment must be created for both. We hold the six cardinal principles as truth to be self evident, based upon the following the discourse concerning the economics of breaking and **tying the horse and the nigger together**, all inclusive of the six principles laid down about.

NOTE: Neither principle alone will suffice for good economics. **All principles must be employed for orderly good** of the nation.

<https://www.slideshare.net/VogelDenise/060917law-order-candidate>

Accordingly, both a wild horse and a wild or nature nigger is dangerous even if captured, for they will have the tendency to seek their customary freedom, and in doing so, **might kill you in your sleep. You cannot rest. They sleep while you are awake, and are awake while you are asleep.** They are dangerous near the family house and **it requires too much labor to watch them away from the house.** Above all, you cannot get them to work in this natural state.

<https://www.slideshare.net/VogelDenise/joseph-biden-putting-blacks-back-in-chains>

Hence **both the horse and the nigger must be broken**; that is breaking them from one form of mental life to another. **Keep the body take the mind!** In other words **break the will to resist.** Now **the breaking process is the same for both the horse and the nigger**, only slightly varying in degrees. But as we said before, there is **an art in long range economic planning.** You **must keep your eye and thoughts on the female** and the offspring of the horse and the nigger. A brief discourse in offspring development will shed light on the key to sound economic principles. Pay little attention to the generation of original breaking, but **concentrate on future generations.**

<https://www.slideshare.net/VogelDenise/062017-public-notification-famu-board-of-trustees-disgrace>

Therefore, *if you break the female mother, she will break the offspring in its early years of development and when the offspring is old enough to work, she will deliver it up to you, for her normal female protective tendencies will have been lost in the original breaking process.* For example take the case of the wild stud horse, a female horse and an already infant horse and compare the breaking process with two captured nigger males in their natural state, a pregnant nigger woman with her infant offspring. Take the stud horse, break him for limited containment.

Completely **break the female horse until she becomes very gentle**, whereas you or anybody **can ride her in her comfort**. Breed the mare and the stud until you have the desired offspring. Then you can turn the stud to freedom until you need him again. **Train the female horse whereby she will eat out of your hand**, and **she will in turn train the infant horse to eat out of your hand also**. When it comes to **breaking the uncivilized nigger**, use the same process, but vary the degree and step up the pressure, so as to do **a complete reversal of the mind**. **Take the meanest and most restless nigger, strip him of his clothes in front of the remaining male niggers, the female, and the nigger infant, tar and feather him, tie each leg to a different horse faced in opposite directions, set him a fire and beat both horses to pull him apart in front of the remaining nigger. The next step is to take a bull whip and beat the remaining nigger male to the point of death, in front of the female and the infant.** Don't kill him, but **put the fear of God in him, for he can be useful for future breeding.**

You will find that Noble Drew Ali (HWON) is rarely mentioned in black history books and even less frequently do you hear of him in the Devil's (pale man's, CH) his- story.

It is important that you recognize your great men; for whenever a leader is truly an aid to his people, he is either assassinated, labeled as crazy or not given any exposure by the media. It is no coincidence that many people have never heard of Noble Drew Ali (HWON) and the role that he played as the founder of the Moorish Science Temple in America,

Take the female and run a series of tests on her to see if she will submit to your desires willingly. Test her in every way, because she is the most important factor for good economics. If she shows any sign of resistance in submitting completely to your will, **do not hesitate** to use the bull whip on her to extract that last bit of resistance out of her. Take care not to kill her, for in doing so, you spoil good economic.

When in complete submission, she will train her off springs in the early years to submit to labor when they become of age. Understanding is the best thing. Therefore, we shall go deeper into this area of the subject matter concerning what we have produced here in this breaking process of the female nigger.

My daughters are still the *"Heart-Of-My-Heart"* and the *"Center-Of-My-World!"* But let me tell you today **I have NONE of those worries from FOUR years ago.** No. Not about whether Barack and I were doing what was best for our girls. What have you got? You've got the nigger women out front and the nigger man behind and scared. This is a perfect situation of sound sleep and economic. Before the breaking process, we had to be alertly on guard at all times. *Now we can sleep soundly, for out of frozen fear his woman stands guard for us.*

As of 02/22/2021: <https://www.youtube.com/watch?v=4pldIPIGR5g>

NOTE: What may have been the REAL REASON the "RICH PEOPLE..." were offended by the comment Steve Harvey made regarding "White people don't sleep..."

He **cannot** get past her early **slave molding** process. He is a good tool, now ready to be tied to the horse at a tender age. By the time a nigger boy reaches the age of sixteen, he is soundly broken in and ready for a long life of sound and efficient work and the reproduction of a unit of good labor force. **Continually through the breaking of uncivilized savage nigger**, by throwing the **nigger female savage** into a frozen **psychological** state of **independence**, by **killing of the protective male image**, and by **creating a submissive dependent mind of the nigger male slave**,

we have created an orbiting cycle that turns on its own axis forever, unless a phenomenon occurs and reshifts the position of the male and female slaves. We show what we mean by example. Take the case of the two economic slave units and examine them closely.

The Nigger Marriage

We breed two nigger males with two nigger females. *Then we take the nigger males away from them and keep them moving and working.* Say one nigger female bears a nigger female and the other bears a nigger male. Both nigger females *being without influence* of the nigger male image, frozen with an independent psychology, will raise their offspring into reverse positions. The one with the female offspring will teach her to be like herself, independent and negotiable (we negotiate with her, through her, by her, we negotiate her at will). The one with the nigger male offspring, she being frozen with a subconscious fear for his life, will raise him to be mentally dependant and weak, but physically strong, in other words, body over mind. *Now in a few years when these two offspring's become fertile for early reproduction we will mate and breed them and continue the cycle.* That is good, sound, and long range comprehensive planning.

Warning: Possible Interloping Negatives

Earlier we talked about the noneconomic good of the horse and the nigger in their wild or natural state; we talked out the principle of breaking and tying them together for orderly production. Furthermore, we talked about paying particular attention to the female savage and her offspring for orderly future planning, then more recently we stated that, by reversing the positions of the male and female savages, we created an orbiting cycle that turns on its own axis forever unless a phenomenon occurred and resift and positions of the male and female savages. **Our experts warned us about the possibility of this phenomenon occurring, for they say that the mind has a strong drive to correct and recorrect itself over a period of time**

if I can touch some **substantial original historical base**, and they advised us that the best way to deal with the phenomenon is to **shave off the brute's mental history and create a multiplicity of phenomena of illusions**, so that each illusion will twirl in its own orbit, something similar to floating balls in a vacuum.

This creation of multiplicity of phenomena of illusions entails the principle of crossbreeding the nigger and the horse as we stated above, the purpose of which *is to create a diversified division of labor* thereby creating **different levels of labor** and **different values of illusion at each connecting level of labor**. The results of which is the severance of the points of original beginnings for each sphere illusion. Since we feel that the subject matter may get more complicated as we proceed in **laying down our economic plan** concerning the purpose,

reason and effect of crossbreeding horses and nigger, we shall lay down the following definition terms for future generations.

Orbiting cycle means a thing turning in a given path. **Axis** means upon which or around which a body turns. **Phenomenon** means something beyond ordinary conception and inspires awe and wonder. **Multiplicity** means a great number. **Sphere** means a globe. **Cross breeding a horse** means taking a horse and breeding it with an ass and you get a dumb backward ass long headed mule that is not reproductive nor productive by itself.

Crossbreeding niggers mean taking so many drops of good white blood and putting them into as many nigger women as possible, varying the drops by the various tone that you want, and then letting them breed with each other until another cycle of color appears as you desire. What this means is this; put the niggers and the horse in a breeding pot, mix some asses and some good white blood and what do you get? You got a multiplicity of colors of ass backward, unusual niggers, running, tied to a backward ass long headed mule, the one productive of itself, the other sterile. (The one constant, the other dying, we keep the nigger constant for we may replace the mules for another tool) both mule and nigger tied to each other, neither knowing where the other came from and neither productive for itself, nor without each other.

Crossbreeding completed, for further **severance** from their original beginning, **we must completely annihilate the mother tongue** of both the new nigger and the new mule and **institute a new language that involves the new life's work of both**. You know language is a peculiar institution. It leads to the **heart of a people**.

The more a foreigner knows about the language of another country the more he is able to move through all levels of that society. Therefore, if the foreigner is an enemy of the country, to the extent that **he knows the body of the language**, to that extent is the country **vulnerable to attack or invasion of a foreign culture**. For example, if you take a slave, if you teach him all about your language, **he will know all your secrets**, and he is then no more a slave, **for you can't fool him any longer**. For example, if you told a slave that he must perform in getting out "our crops" and he knows the language well, he would know that "our crops" didn't mean "our crops" and **the slavery system would break down**, for he would relate on the basis of what "our crops" really meant. **So you have to be careful in setting up the new language for the slaves would soon be in your house, talking to you "man to man" and that is death to our economic system.** In addition, the definitions of words or terms are only a minute part of the process. Values are created and transported by communication through the body of the language. A total society has many interconnected value system. **All the values in the society have bridges of language to connect them for orderly working in the**

society. But for these language bridges, these many value systems would sharply clash and cause internal strife or civil war, the degree of the conflict being determined by the magnitude of the issues or relative opposing strength in whatever form.
